Salim Rostami

Associate Professor of Operations Management

IESEG School of Management
3 Rue de la Digue
59000 Lille, France
✉ s[dot]rostami[at]ieseg[dot]fr

https://www.doincode.com

Employment

2024–present	Associate Professor of Operations Management IESEG School of Management
2019–2024	Assistant Professor of Operations Management IESEG School of Management
2015–2019	Teaching and Research Assistant in Operations Management IESEG School of Management
2013–2015	Research Assistant in Healthcare Optimizaiton École des Mines de Saint-Étienne

Education

2015–2019	PhD in Operations Research, KU Leuven Dissertation: *New models and algorithms for planning and scheduling under uncertainty with financial objectives.*
2012–2013	M.Sc. in Advanced Business Studies (magna cum laude), KU Leuven Area of specialization: Operations Research Thesis: *New benchmark results for the stochastic resource-constrained project scheduling (SRCPSP)*
2007–2012	B.Sc. in Industrial Engineering (cum laude), Ferdowsi University of Mashhad Project: *University course scheduling (timetabling)*

Research Interests

My research interests lie in operations research and operations management; in particular: sequencing and scheduling, project management and planning, combinatorial optimization, and decision making under uncertainty. My list of publications can be found at pages 2–4.

Teaching

2018–present	Project Planning & Management IESEG School of Management [±150 Master students per year]
2015–2019	Introduction to Operations Management – Tutorial Sessions IESEG School of Management [±200 Bachelor students per semester]
2015–2019	Supply Chain Management: Sport Obermeyer case KU Leuven [teaching assistant, ±20 Master students per year]
2011–2012	Discrete-Event Simulation Ferdowsi University of Mashhad [teaching assistant, Bachelor students]

Honors and Awards

2023	Teaching excellence award IESEG School of Management
2016	Second best paper award International conference on Project Management and Scheduling (PMS)
2013	Ranked first in the M.Sc. Business Studies program by GPA KU Leuven, Faculty of Economics and Business
2011	Outstanding Bachelor student in research category Ferdowsi University of Mashhad, Faculty of Industrial Engineering

Academic Services

Peer-reviews	European Journal of Operational Research
	INFORMS Journal of Computing
	Journal of Scheduling
	OR Spectrum
	Journal of the Operational Research Society
	Annals of Operations Research
	4OR
	INFORMS Transactions on Education

Grants

2025	IESEG Internal Funding to Supervise a PhD Student (4 years)
2017	FWO (Research Foundation – Flanders) Grant for Conference Participation

Other Relevant Experience

2010–2011	Internship project: Staff scheduling Ferdowsi University of Mashhad
2010–2011	Head of Industrial Engineering student association Ferdowsi University of Mashhad

Publications

Refereed Research Papers

1. Rostami, Salim, Stefan Creemers, and Roel Leus (2024). "Maximizing the net present value of a project under uncertainty: Activity delays and dynamic policies". *European Journal of Operational Research* 3171, pp. 16–24. DOI: 10.1016/j.ejor.2024.03.029.
2. Agnetis, Alessandro, Ben Hermans, Roel Leus, and Salim Rostami (2022). "Time-critical testing and search problems". *European Journal of Operational Research* 296(2), pp. 440–452. ISSN: 0377-2217. DOI: 10.1016/j.ejor.2021.03.038.
3. Garaix, Thierry, Salim Rostami, and Xiaolan Xie (2020). "Daily outpatient chemotherapy appointment scheduling with random deferrals". *Flexible Services and Manufacturing Journal* 32, pp. 129–153. DOI: 10.1007/s10696-018-9326-x.
